The IDS has not been considered since there are conflicting statements as to compliance with 37 CFR 1.97(d).

The IDS was originally submitted 6/30/08; it was refused entry because the 6/30/08 IDS was accompanied by the statement applicants "None" as to each item of information contained was first cited in any communication from a foreign patent office in a counterpart foreign application not more than three months prior to the filing of the IDS.

An IDS identical to the one submitted 6/30/08 was later submitted 7/17/08 with a statement that it was first cited in a counterpart foreign application not more than 3 months. It is not understood how the later 7/17/08 IDS would fall within 3 months prior to submission when the earlier 6/30/08 IDS would not fall within the 3 months period.
